Upgraded, Excellence

Innovative Design

Created by an Italian designer, JL05 seamlessly integrates ergonomics, aesthetics, and functionality, bringing both beauty and convenience into your kitchen.

Mobile App Control

Conveniently order your coffee via mobile, customize your drinks and various coffee settings, and stores over 20 users' preferences.

Diverse Drink Options

There are 6 buttons on the machine for direct drinks order, with a knob to subtly adjust the coffee strength, and a button to shift the menu from coffee beans to grounds. Furthermore, you can access more customizable beverage options on the app to suit your taste.

Ingeniously Exceptional Design

Special Steel Grinder

Equipped with durable 64mm flat burrs made from special steel, ensuring a long lifespan and precise grinding for consistently great coffee.

Professional-Grade Brewer

Features a professional 14g brewer that supports 6-14g coffee doses, ensuring rich coffee extraction, perfect crema for every cup.

Easy Maintenance

Automatic cleaning functions for both the brewer and milk frother ensure hassle-free upkeep. The brewer can be easily detached from the side for easy rinsing.

Intimate Design, Delicious Coffee

Bypass for Ground Coffee

Built with a bypass doser for ground coffee, ensuring versatile brewing options.

Adjustable Coffee Strength

Subtly adjusts the coffee strength for each cup.

Adjustable Spout

The spout can be adjust at 80-140mm, flexible for different cups.

Detachable brewer

The brewer can be easily detached from the side for easy cleaning.

Four colors

Warm white / Black / Silver / Dark brown

Smart and Swift Cleaning

Self-detective

Automatically initiates comprehensive cleaning, covering all components and milk tubes for a thorough 360° cleaning.

Deep tablet cleaning

Supports manual tablet usage and automatic descaling function, ensuring comprehensive and thorough machine cleaning.

Deep cleaning

Brewing components' pipelines can be manually disassembled for thorough water washing, minimizing hidden residues.

Modular Design

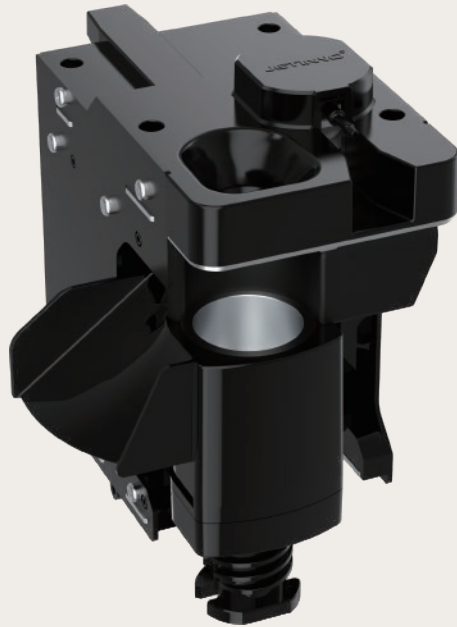

Jetinno SGH64 Grinding System

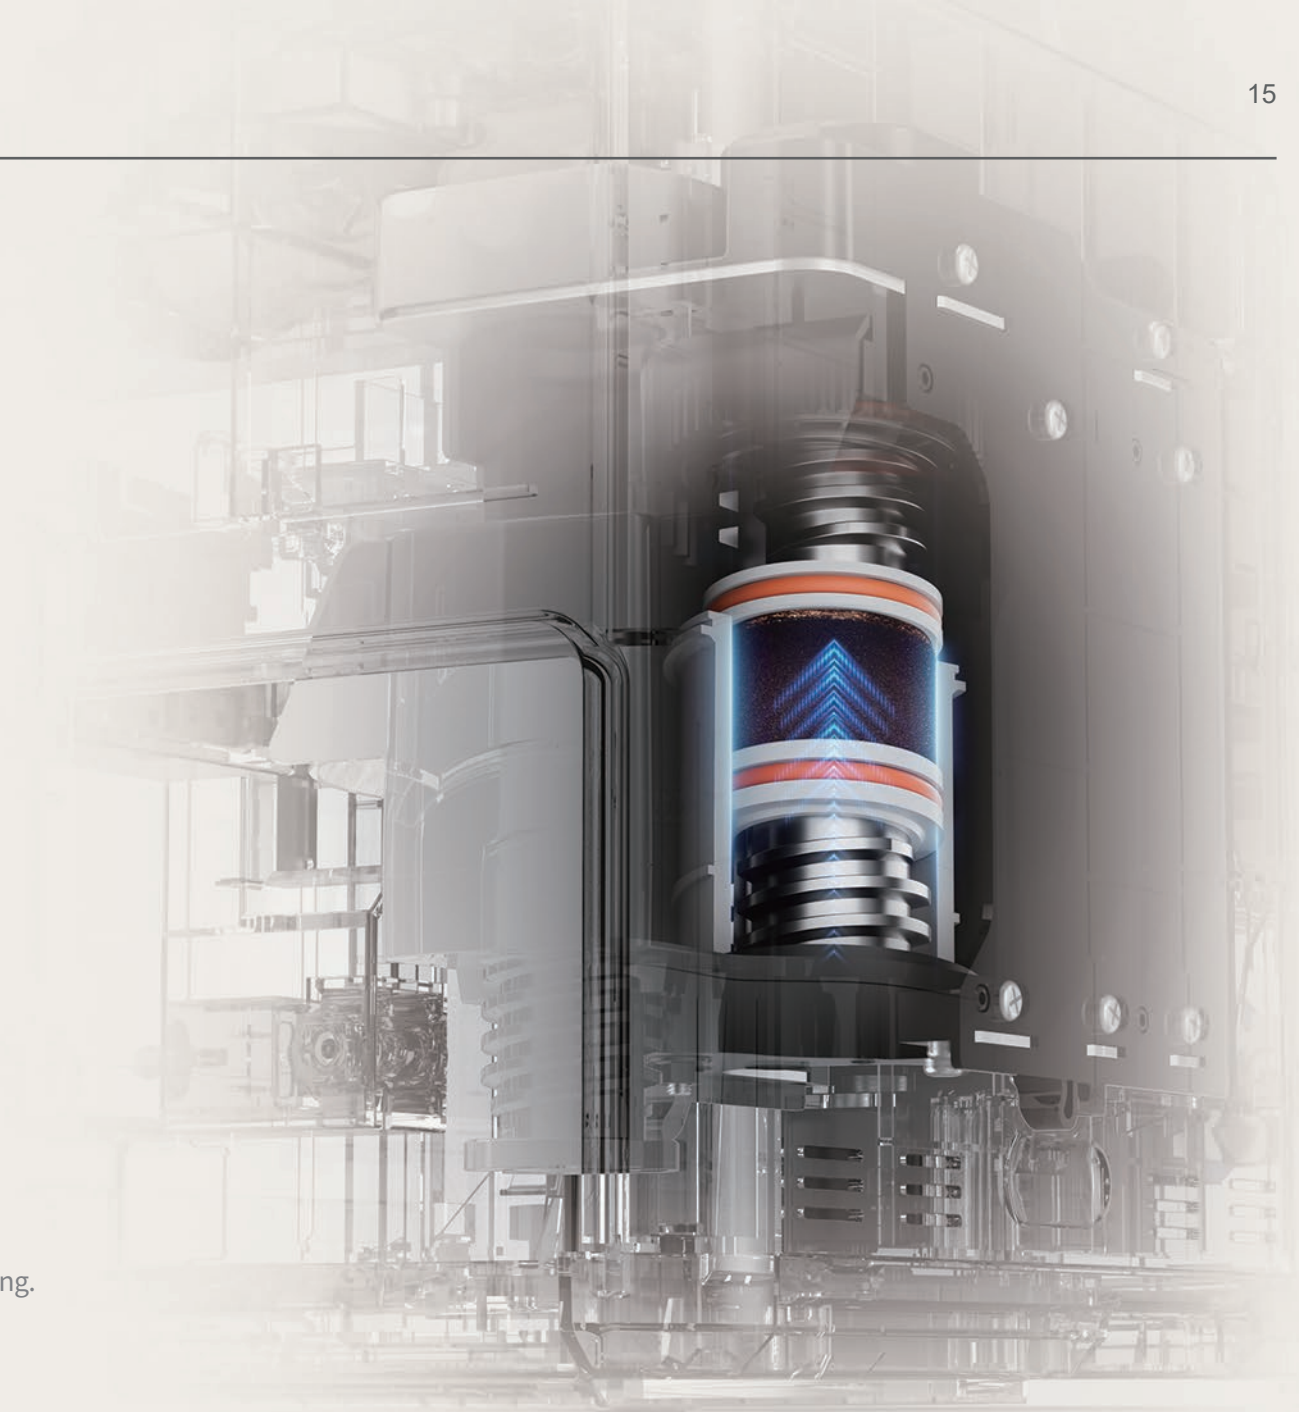

- 64mm special steel flat grinding burrs.
- Dissipate heat quickly, preventing coffee grounds from being reheated.
- 11-level adjustable grinding coarseness.
- 500kg coffee bean burr lifespan.

Jetinno High-Pressure Espresso Brewing System

- Pre-infusion extraction technology.
- Different locations for coffee bean loading and brewing.
- Easy one-step disassembly for brewing.

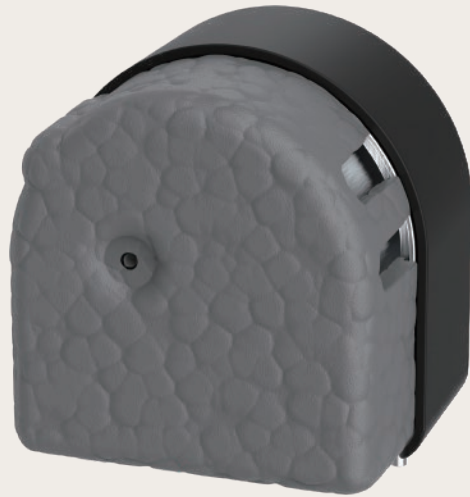

Hot Milk Frothing System

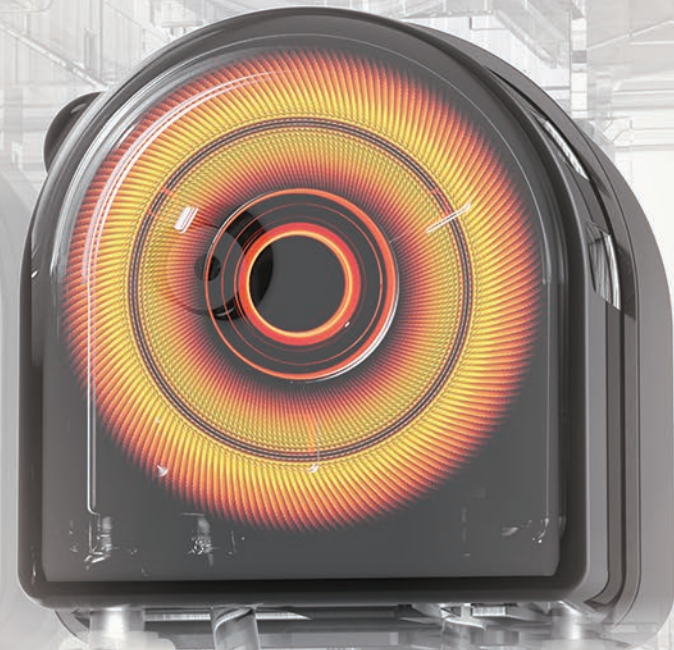

- Produces hot milk/foamed milk with a temperature of 60°C or above.
- Independently adjusts the froth volume in the beverage.
- Timed automatic cleaning of the milk path.
- Snap-on design allows for quick disassembly.

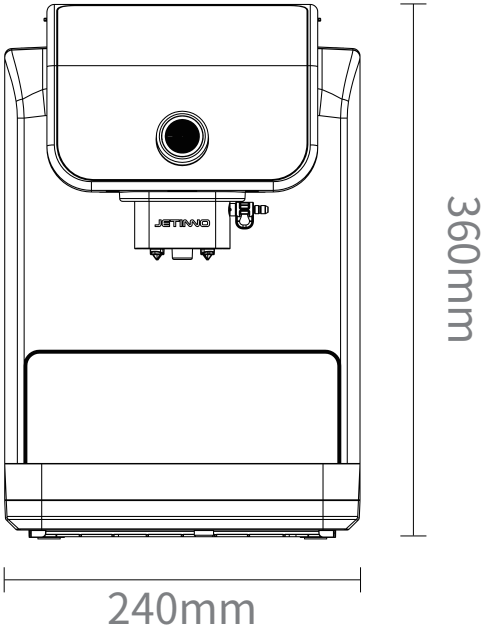

Hydraulic System

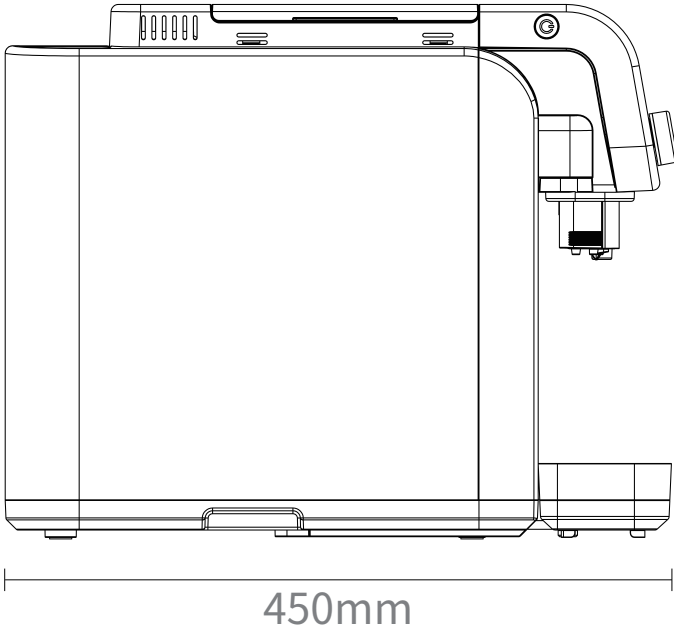

- Dual instant boilers provide 92°C hot water.
- Italian ARS high -pressure electromagnetic pump, provides strong and stable extraction pressure.
- Solenoid valves with a long lifespan.
- Independent modular design.
